

I Still Believe

Ted Nugent

Yamaguchi

I still believe

One, two, three, four

I still believe in the American Dream

I still believe you can hear me scream

It's still alive it's on fire,

I defy, it ain't no lie

I don't care what they do to me

I'm addicted to liberty

I will cross that Concorde Bridge

It's the bridge to my destiny

Cos I persue life,

I persue my happiness

Cos I am so damn alive

I am so in love with this

I was born in that Detroit town

Heart and soul of America

I have seen her ups and downs

What comes around goes around

But I still believe,

I believe in America I believe,

I still believe,

I believe in America I believe,

I still believe,

I believe in America I believe,

I still believe,

I believe in America

And I don't predict disaster

I see no doom and gloom

I believe in forever after

And I believe it's coming soon

I still believe in the American Dream

I still believe you can hear me scream

It's still alive it's on fire,

I defy, it ain't no lie

I still believe,

I believe in America I believe,

I still believe,

I believe in America I believe,

I still believe,

I believe in America I believe,

I still believe,

I believe in America I believe,

I still believe,

I believe in America I believe,

I still believe,

I believe in America I believe,

I still believe,

I believe in America America, Amer, amer, America

I believe baby
I believe in just know fuck

One, two, three, four
I still believe in the American Dream
I still believe you can hear me scream
