

# Tailgunner

Ted Nugent

Hey you, wadda you know  
You been talkin' alot  
Who are you to tell me where to go  
You ain't so hot  
You're the low man on the totem pole  
Last man to go in line  
Hey you, wadda you know  
You ain't no friend of mine  
I can't turn my back on the gun runner  
Never turn your back on the tail gunner, no, no no no

Jump back where you belong  
I got my eyes on you  
Get back, you never been so wrong  
You're never gonna make it through  
'Cause you're the low man on the totem pole  
Last man to go in line  
Hey you, wadda you know  
You ain't no friend of mine  
I can't turn my back on the gun runner  
Never turn your back on the tail gunner, no, no no no

Look out, he's comin'  
Tailgunner's comin' gonna get you tonight  
Look out, look out, look out  
Tailgunner  
Tailgunner's comin' better run for your life tonight  
Ha, ha, ha...

Hey you, wadda you know  
You ain't no friend of mine  
Hey you, I'll tell you where to go  
You ain't got no time  
You're the low man on the totem pole, low man  
Low man on the totem pole  
Hey you, wadda you know  
You ain't no friend of mine  
I can't turn my back on the gun runner  
Never turn your back on the tail gunner, no, no
