The Music Made Me Do It

Ted Nugent

You couldn't fantasize that brand new sound
That Les Paul guitar noise turned the world upside down

Oh yeah, the music made me do it
Not a damn thing I can do
Oh yeah, the music made me do it
Now I'm gonna do it to you

Everybody loves the groove
You gotta get up and move
And take it into your soul
You couldn't tear me away
I need it every day
I love that rock'n'roll

It grabbed me by the balls when I heard the blues
Chuck Berry, Bo Diddly, Little Richard too

Oh yeah, the music made me do it

Not a damn thing I can do
Oh yeah, the music made me do it
Now I'm gonna do it to you
I wanna do it to you

Yeah yeah
The music made me do it, every time

Oh yeah, the music made me do it
Not a damn thing I can do
Oh yeah, the music made me do it
Now I'm gonna do it to you

I said, oh yeah, the music made me do it
Not a damn thing I can do
Oh yeah, the music made me do it
Now I'm gonna do it to you

The music made me do it to you...
