```
Hey good lookin'
What you got cookin'
I need it on a Saturday night
Don't know if I fall
In a rock n' roll hall
That sound is just what I like
So turn it up, turn it up, make it louder than hell
Turn it up, turn it up, make it ring like a bell
I know what I like
I got to turn it up tonight
Turn it up, turn it up, turn it up, louder, louder
Oh my god lock and load
The stage is like a wall of sound
what I need
To help blow the walls down
Turn it up, turn it up, make it louder than hell
Turn it up, turn it up, make it ring like a bell
I know what I like
I got to turn it up tonight
Turn it up, turn it up, turn it up, louder, louder, yeah
Oh my god lock and load
The stage is like a wall of sound
what I need
To help blow the walls down
Turn it up turn it up make it louder than hell
turn it up turn it up make it ring like a bell
I know what I like
I got to turn it up tonight
Turn it up, turn it up, turn it up, louder, louder, yeah
So, turn it up, turn it up, make it louder than hell
Turn it up, turn it up, make it ring like a bell
I know what I like
I got to turn it up tonight
Turn it up, turn it up, turn it up, louder, louder, yeah
Yeah, yeah
Yeah, yeah
Yeah, yeah
Yeah.....
```
