

# Angels And Demons

Tedashii

[Hook]

There's another world that I have concealed  
Well angels and demons are constantly fighting over me  
There's another world inside of me  
That's where's the spirit, I know, I can feel it  
He will comfort me

[Verse]

Tears fall to the floor like TKO  
Heartbreak because of pain never seen before  
Blood spills, I get chills, it's not even cold  
From paradise to the leagues below  
They after me, they chasin'  
Friday the 13 like Jason  
In the dash, my heart's been racin'  
Back and forth, man, I been pacin'  
I know there's gotta be somethin'  
I know there's gotta be somethin'  
Or maybe it's me I'm facing  
God please send me an angel  
Hard lease the police to arrest the thief  
Tryna steal what's mine just to mess with me  
Feels like I'm in a trial, are you testin' me?  
Angels and demons, they stressin' me  
Yeah, people swear that they blessin' me  
Turns out to be the people that's vexin' me  
Till I rest in peace, I thought you were a friend  
Pretend that life's all about me  
And these so called friends that take advantage of ya  
F&\*[] who you are, but swear they love ya  
It's? to get this, but two open

[Interlude]

Come, come, holy spirit  
Come, come, come

[Verse]

This ain't nothin' I ever did  
Not really how I ever live  
I ain't tryna say I never slip  
But I guarantee this, that the devil reed  
Never claiming that I'm blameless  
That's exactly well known, like famous  
I'm adjusting where my aim is  
But I finna?, I'm shameless  
Tryna drown my sorrow, a nigga till tomorrow  
It ain't a promise, man, it's just something I borrowed  
Truth hurts most, so we hold the lock close  
Side by side with another empty hoe  
Then the devil keeps on comin'  
I'm tired from the runnin'  
It started out small, now this thang is enormous  
? and it keeps on callin'  
Hard to keep a stand when you keep on fallin'  
But it feel so good, seem so right  
If the dark is good I dunno about the light  
Pharaoh of the night, cause the fields said it's fine[?]

Right behind closed doors, no relief in sight  
God do for me what I cannot do  
What I really don't want, what I need make true  
God do for me what I cannot do  
What I really don't want, what I need make true

[Hook]

There's another world that I have concealed  
Well angels and demons are constantly fighting over me  
There's another world inside of me  
That's where's the spirit, I know, I can feel it  
He will comfort me  
Holy spirit, come, come, come  
Holy spirit, come, come, come
