

Holy Ground

Tedashii

This time, no saucer
This time, no saucer
Uh, uh
This time, no saucer
Sheesh
Dearly beloved

Ain't hit the flor, that's holy
I walk, on holy
Step back, can't hold me
Oh no, extra step and hit the flow
That's holy
I walk, on holy
I fell, on holy
Blessings come down on holy ground

Chase looking down on me
I've gotta make him proud, that my child
Fell backstage on my face
That's one way to take a bow, like at Tao
Got folks telling lies on me
Satan despising me, I stay proud
Holy cow, always quiet, but stay loud
Clouds, yeah, yeah
Back on my feet, good news, yeah
Emperor found his new groove yeah
God bills, and I paid my dues, yeah
Count it all joy, I get loose
Jump up the score, I just jumped off the porch
Yeah, Jesus took the wheel
He just put that thing in sport

And hit the flow, that's holy
I walk, on holy
Step back, can't hold me
Oh no, extra step and hit the flor
That's holy
I walk, on holy
I fell, on holy
Blessings come down on holy ground

I'm Shaq, I'm Kobe
Step back, Ginobli
Yeah, I'm up, I'm floating
In my life, yeah, He wrote it
Told me, I'm goated
Stay lowkey, but show it
He died for my sins
My God, heroic, yeah
Still, y'all might've met me, don't think that you get me
I came from a world you never seen
I keep a smile, like Joel Osteen
Grew up dysfunctional but I'm still functioning
Just up-ed the score, I just jumped off the porch
Yeah, Jesus took the wheel
He just put that thing in sport

And hit the flow, that's holy
I walk, on holy
Step back, can't hold me
Oh no, extra step and hit the floor
That's holy
I walk, on holy
I fell, on holy
Blessings come down on holy ground

Lemonade when I'm handed lemons
Mom was standing with me, but my dad was missing
I was staying trouble, I got daddy issues
Just another figure, ask a statistician
Do the math, and split it, that's that long division
And I made additions, but it ain't a given
Racist burning crosses sacrilegious
Still blessings come down on holy ground

And hit the flow, that's holy
I walk, on holy
Step back, can't hold me
Oh no, extra step and hit the floor
That's holy
I walk, on holy
I fell, on holy
Blessings come down on holy ground

And hit the flow, that's holy
I walk, on holy
Step back, can't hold me
Oh no, extra step and hit the floor
That's holy
I walk, on holy
I fell, on holy
Blessings come down on holy ground
Blessings come down on holy ground
Blessings come down on holy ground
