

# Love Never Leaves

Tedashii

[Hook:]

Love will never  
Love will never leave  
I know love don't do the same way it used to  
Strangers in the same bed, I know you  
Questioning about life cause I know this  
It's all on your face.  
And lately, lately, we've been so mistaken  
Maybe all these things could be over  
Don't stop searching for what we're missing  
So don't walk away!  
Cause love never leaves  
Love never leaves  
Love never leaves  
Love never leaves  
No, no, no, no!

Uh, yeah, tell her I'll be working lately  
Frustrated sometimes at how we're communicating  
Trying to make it like it was when we were kids  
Simple, but it's difficult, and we're just trying to live.  
Trying to make, huh!  
She say that she can't take it  
Growing up by the minute, in an hour she won't feel it  
Is this the end, is it finished?  
Can't we make it work?  
All these romance and love songs, she seem to make it worst!  
Empty gestures, to try and bring back our yester  
Day, week, month, year, baby, are you still here?  
Please, I know it's not what you expected  
Interment your perfect image, you're imagining reflected.  
I accept it, I mistakes with your heart,  
I was gone, you were distant, guess that's how we grow apart!  
But I want you, no, I need you, and I mean that!  
I don't wanna lose you, I hope you see that!

[Hook:]

I know love don't do the same way it used to  
Strangers in the same bed, I know you  
Questioning about life cause I know this  
It's all on your face.  
And lately, lately, we've been so mistaken  
Maybe all these things could be over  
Don't stop searching for what we're missing  
So don't walk away!  
Cause love never leaves  
Love never leaves  
Love never leaves  
Love never leaves  
No, no, no, no!

Is it one of those days? cause I feel fed up!  
Feel like you're sucking your ways, and you won't let up!  
Question, like persecution, no retribution  
Enough is enough, and I don't know what I'm doing!  
Got the weight of the world on me, can you help me out?  
Don't add to the low, please, I'm really stressing out!

Thinking the grass is greener when you're single  
Sick and tired of arguments, so I change my demeanor  
She wants to talk, I say we do!  
She says that we're not friends, and I just say it's you!  
We feel like stranger, but what strange is this feeling!  
Love never leaves, if it's true, I hope will soon make an appearance!

[Hook:] (2x)

I know love don't do the same way it used to  
Strangers in the same bed, I know you  
Questioning about life cause I know this  
It's all on your face.  
And lately, lately, we've been so mistaken  
Maybe all these things could be over  
Don't stop searching for what we're missing  
So don't walk away!  
Cause love never leaves  
Love never leaves  
Love never leaves  
Love never leaves  
No, no, no, no!
