

MMA FREESTYLE

Tedashii

Went insane, broken but I'm feeling straight
Back and forth across the map I take off early, get in late
My home paid the cost and fell apart, I had to renovate
Devil busy, got me fighting for my life like MMA
Went through hard times but something always on my dinner plate
God came in my life and told me "Move and let me demonstrate"
Now I'm back by popular demand just like a senate race
Devil busy, got me fighting for my life like MMA
Know that
Pocket watching, no that
Put the beat on, I snap in a flash and black like Kodak
OD, get a toe tag
DOA no DEA if in the A, shut your trap
DJ Montay told me "walk it out" so I don't hold back
I'm my faith like the clergy do
Church but ain't churchy, they judge me but I'm busy sipping His mercy
Some people stay thirsty, I cut 'em like surgery
I'm moving this work see the grams, He for certain
Built for this like an activist
Even haters trying to snap a pic
Holy rollers still be cappin' quick
I know He chose me, you ain't have to pick
God is good, life is great, till it ain't
Hell it comes, when it's Heaven, throw my hands up, I'm like great
I'm winded for real
Trying to outrun all my guilt
No way that I ain't quit
That ain't the way that I'm built
Harris County had me locked down way before the Covid lockdown, uh
Nothing new to me, I know that I'm free
Back up on my feet, get with Pound and leave
Real ones stay down and invite you around, that's even without all the glory
That's when it hit me some never been with me, but all of them say that they
for me
But my girl clutch with a clutch, fancy like it's payday
With lemon pepper wings from JJ's, we might hit up Pei Wei just like it's he
r birthday
I'm dropping gems on the world, giving free game like Google search
Unashamed put in work, my girl don't twerk but make money bounce
In London, we gaining some pounds
Stack bread, don't gain an ounce King 'cause He gave a the crown
We came to shut it all down
God on my side He been at the wheel
Inheriting blessings, I been in His will
Answer the call you know that I will
Seasons change summer came and went but I'm still hot
He's insane, some would say he crazy but I'm not
Chasing what He gave me, this a legend in the making
I know when it's all, said and done, we'll be at the top
You ain't know, you ain't know, back and forth across the map I take off ear
ly, get in late
My home paid the cost and fell apart I had to renovate
Devil busy, got me fighting for my life like MMA
