Down

Teddy Geiger

Backyard games were never the same
I couldn't keep my girl
But I kept your name
I crashed my car but I'm still alive
Oh you should have been around
To teach me to drive

Well I don't know much about you
I'm trying to live without you
But I just keep falling down
You are not around
So down I'm lying on the ground
Is this a disease or do
You ever feel like me

I saw a picture of you
And you had a guitar
So I learned how to play
But I don't want to be who you are
My mother cries alone in her room
To time a year in december and june

I don't know much about you
I'm trying to live without you
But I just keep on falling down
You are not around
So down I'm lying on the ground
Is this a disease or do
You ever feel like me

Well I don't know much about you
I'm trying to live without you
But I just keep on falling down
You are not aroud
Down I'm lying on the grownd
I'm down and you are not around
So down I'm lying on the ground
Is this a disease or do
You ever feel like me
