

Oh No!

Teddy Geiger

Well they kinda know
Time for a sit down
'Cause denial doesn't know
I'm gonna break it to her real real slow
I wonder how she'll react

Wake up feeling down
Anticipating and she'll take a lap around
To get her seeing from the outside in
Because it's making me sad, oh

She said oh no
It's a magical lie
She said oh no
You're overthinking this time
I said oh no
This just doesn't feel right
I said oh no
It's a perpetual lie
It's a perpetual lie
It's a perpetual lie

Cut to
Tomorrow you'll be waking up at two
Your nail polish chipped in midnight blue
But you're not so sure why
Girl take a look around
All your tend to is lying on the ground
You say it clear while you breathe in a purple cloud
And tell me 'Baby, I'm fine, I'm fine, I'm fine'

She said oh no
It's a magical lie
She said oh no
You're overthinking this time
I said oh no
This just doesn't feel right
I said oh no
It's a perpetual lie
It's a perpetual lie
It's a perpetual lie

Spiral down
Spiral down
Spiral down
You're not that strong
You're not that strong
You're not that strong
You're not that strong
Ohhh ohhhh
