

Twilight

Teddy Geiger

Twilight is coming on
You don't care and I'm numb
I don't mind that at all
I don't care what I want

You shouldn't be here anymore
You shouldn't lean on me anymore

I draw on the window
Tiny little messages
I tap on the window
But you won't hear me out

You shouldn't be here anymore
You shouldn't lean on me anymore

Let me down easy baby

Do you want me to live like this?
You don't love me
I'll learn my lesson

Do you want me to live like this?
You don't love me
I'll learn my lesson

It breaks my heart to say it
But it's all changing
