

# Bye

**Teddy Hyde**

Hide yourself, hide yourself  
I'm sorry I'm bad  
Bad, bad, bad

Live to make a noise  
Disguise that noise as love  
Hold on, don't let go  
You own my face and bones  
She won't, she won't let go  
She said as she let go

You stand with me  
You stand, you stand alone  
You stand alone  
Bye  
Bye  
Bye  
Bye  
Bye  
Bye  
Bye
