

Say It

Teddy Pendergrass

Hhmmm, yeah, well
Oh girl
Can we be more than just friends
Would please consider it
Love could be so good to us
I know it so
If only you would

Say it
This could so easily come true
I pray you want it to
Commitment to a lifetime
Real love is so hard to find
Let's reach for the moon
And hope to catch a star
Love is not so far
Commitment to a lifetime
Real love is so hard to find

You must forget the way it was
His history, it's time for love
I need your mind, your time, your love
And that's a fact
If only you would

Say it, say it, say it now
Don't you know what I mean
Say it, say it, say it now
Why don't you just
Say it, say it, say it now
I need you to
Say it, say it now
Oh girl

This could so easily come true
I pray you want it to
Commitment to a lifetime
Real love is so hard to find
Let's reach for the moon
And hope to catch a star
Love is not so far
Commitment for a lifetime
Real love is so hard to find

Say it
This could so easily come true
I pray you want it to
Commitment to a lifetime
Real love is so hard to find
Let's reach for the moon
