

Workin' It Back

Teddy Pendergrass

Huh

Words I didn't say
Time I didn't spend to find a way
It never even crossed my mind
Not too late, it matters
That I see you everyday
Love lost, love refuse
I can't deny the crime
Now I'm the one who lays here crying

You can believe me
That I'm workin' it back
Workin' it back, babe
You know when you see me
That I'm workin' it back
Workin' it back
Praying that you be there
Woah, woah, woah, woah

Say I'm not too late
Take me in your arms and seal my fate
Save this boy from going mad
My need for you is heavy
I could crumble from the weight
It's so hard to go on knowing what I had
And wanting it so bad

You can believe me
That I'm workin' it back
Workin' it back, babe
You know when you see me
That I'm workin' it back
Workin' it back
Praying that you be there
Woah, woah, woah, woah

Work it back
Work it back

I know I'm not too late, no no

You can believe me
That I'm workin' it back
Workin' it back, babe
You know when you see me
That I'm workin' it back
Workin' it back
Workin' it back to you
You can believe me
Workin' it back
Workin' it back
