

# Bed On Fire

Teddy Swims

I hate to sleep with one eye open  
I see the headlights turn to shadows driving past  
I hope one night it's not you going  
'Cause you woke up and realized what you could have

You sleep with peace of mind, you don't worry  
I'm wide awake, I know it's gonna hurt me  
The least you could do is show a little mercy now

So if you're gonna leave me, leave me  
In the middle of the night  
Set the bed on fire  
Set the bed on fire  
If you're gonna leave me, leave me  
Don't say goodbye  
Just set the bed on fire  
Baby, set the bed on fire  
And let it burn, let it burn, let it burn all the way to the ground  
Let it burn, let it burn, let it burn, let it burn on down

Sometimes I wonder what you're thinking  
You say you love me but sometimes I have my doubts  
Baby, what if our ship was sinking?  
Would I be the only one hanging on when it goes down?

You sleep with peace of mind, you don't worry  
I'm wide awake, I know it's gonna hurt me  
The least you could do is show a little mercy now

So if you're gonna leave me, leave me  
In the middle of the night  
Set the bed on fire  
Set the bed on fire  
If you're gonna leave me, leave me  
Don't say goodbye  
Just set the bed on fire (Just set the bed on fire)  
Baby, set the bed on fire  
And let it burn, let it burn, let it burn all the way to the ground  
Let it burn, let it burn, let it burn, let it burn on down  
  
Let it burn on down  
Let it burn on down

Don't drag it out  
Don't hang around  
Don't take your time  
Don't twist the knife  
Don't let me see, just let me dream

So if you're gonna leave me, leave me  
In the middle of the night  
Oh, set the bed on fire  
Set the bed on fire  
If you're gonna leave me (Leave me), leave me (Leave me)  
Don't say goodbye (Don't say goodbye)  
Just set the bed on fire (Set the bed on fire)  
Baby, set the bed on fire

And let it burn, let it burn, let it burn all the way to the ground  
Let it burn, let it burn, let it burn, let it burn on down

Let it burn, let it burn, let it burn all the way to the ground  
Just let it burn, let it burn, let it burn, let it burn on down
