

Devil In A Dress

Teddy Swims

If you leave me God rest my soul
If you stay here
I'm no better off
Bury me six feet down below
And I'll be smiling, when I go

Damned if I do
Damned if I don't
She looked at me
And I sold my soul

She's the devil
She's the devil in a dress
I'm in peril
She ripped my heart right out my chest
I would give my life for one more kiss, from the devil
She's the devil in a dress

Now love it, love it, love it
Oh, I love it, love it, love it
Now love it, love it, love it
She's the devil in a dress

Them pearly gates and streets of gold
I won't make it, I'm out of control
I wear your love like a blindfold
And truth be told I sold my soul

To the devil
She's the devil in a dress
I'm in peril
She ripped my heart right out my chest
I would give my life for one more kiss, from the devil
She's the devil in a dress

Now love it, love it, love it
Oh, I love it, love it, love it
Now love it, love it, love it
She's the devil in a dress

I would give my life for one more kiss
I'm a man in pain, I'm a masochist

She's the devil
She's the devil in a dress
I'm in peril
She ripped my heart right out my chest
And I would give my life for one more kiss, from the devil
She's the devil in a dress

Now love it, love it, love it
Oh, I love it, love it, love it

She's the devil
She's a devil in a dress

And I love it, love it, love it

Oh, love it, love it, love it
She's a devil
And I love it
