

# dose

Teddy Swims

Oh, babe, like a cold, cold hand on a stove, babe  
My heart and my mind on a stroll, babe  
Tripped and fell on down the stairs  
Don't know if I'll find them things again  
Slid in my life like a thief in the night  
And you stole my common sense  
The sun will never shine and the wolves will never cry  
'Til I'm holdin' you again

Love how you kiss every tattoo on my face, yeah, it's the time and place  
To do what the doctor say, a dose of you a day  
Pop more than what I need, the perks of being a fiend  
Is that I get to take a dose of you a day

Ayy-ayy, ayy-ayy, ayy-ayy, ayy-ayy  
Ayy-ayy, ayy-ayy, ayy-ayy (Uh, yes, I'm there)  
Ayy-ayy, ayy-ayy, ayy-ayy, ayy-ayy  
Ayy-ayy, ayy-ayy, ayy-ayy (Uh, yes, I'm there)

Each night, I stay up like a high note  
Thinking 'bout the way you say my name  
When's the last time I slept? I can't get a blink, I'm stressed out  
Really need to this bed rock, baby, you know my sweet spot

Love how you kiss every tattoo on my face, yeah, it's the time and place  
To do what the doctor said, a dose of you a day  
Pop more than what I need, the perks of being a fiend  
Is that I get to take a dose of you a day

Ayy-ayy, ayy-ayy, ayy-ayy, ayy-ayy  
Ayy-ayy, ayy-ayy, ayy-ayy (Uh, yes, I'm there)

Ayy-ayy, ayy-ayy, ayy-ayy (Uh, yes, I'm there)
