

## L.I.F.E.

Teddy Swims

Love isn't for everyone  
Left inside feeling empty  
Looking into flaming eyes  
Lost in fate endlessly

That's just life  
That's just life  
That's just life  
That's just life  
Sometimes it ain't easy  
But that's just life  
That's just life  
That's just life  
That's just life  
Nobody said it would be easy  
That's just life yeah

No, no

Listen inside for echoes  
Light is falling everywhere  
Let it forever empower  
Let it forgive every care

That's just life  
That's just life  
That's just life  
That's just life  
Sometimes it ain't easy  
But that's just life  
That's just life  
That's just life  
That's just life  
Nobody said it would be easy  
That's just life yeah

No, no

That's just life yeah  
No  
Just life

That's just life yeah
