

# Rivers

Teddy Swims

All night, all night  
She wants to run forever  
Hold tight, hold tight  
When we get some time together  
Flow  
Flow along with me  
Low light, low light  
That's when its looking better  
Tonight, tonight  
When we get some time together  
Flow  
Flow along with me

And now I know  
That your rivers run deep

Oohhh ohohoo Ooohh...  
Oh your river  
How it flows so deep  
Oh your river  
Your rivers run deep

Go in, go in  
That's my decision  
We're floating, floating  
Off to oblivion  
We go  
Flow along with me  
Focus, focus  
And we'll have no problems  
Hoping, hoping  
I hoping you're so  
You'll have a place for me

And now you know  
That your rivers run deep

Oohhh ohohoo Ooohh...  
Oh your river  
How it flows so deep  
Oh your river  
Your rivers run deep

Your rivers run deep  
Your rivers run deep  
Your rivers run deep  
Your rivers run deep
