

Til I Change Your Mind

Teddy Swims

How do you sit there and act like everything's alright?
How do you sit there? can't you see it with your own eyes?
Oh, you're covered by the blood are ya?
That privilege looks good on ya
Stop thinking you're invincible
Gonna get your self in deep trouble

I'm not gonna lose you, no
Even if you say you're ready to go
Best believe, mama, I ain't leaving tonight
Til I change your mind

I'm not gonna lose you, no
Even if you think you're ready to go
Best believe, mama, I ain't leaving tonight
Til I change your mind

Til I change your mind
Til I change
Til I change your mind

How do you not care?
Our brothers and sisters is all dying
Oh mama, it's not fair
Can't you see we're running out of time
Oh, you're covered by the blood are ya?
Your privilege looks good on ya
Stop thinking you're invincible
Gonna get your self in deep trouble

I'm not gonna lose you, no
Even if you say you're ready to go
Best believe, mama, I ain't leaving tonight
Til I change your mind

I'm not gonna lose you, no
Even if you think you're ready to go
Best believe, mama, I ain't leaving tonight
Til I change your mind

Sorry that I'm coming at you this strong
Never had a feeling that was this strong
Should have never taken us this long
To right this wrong
Sorry that I'm coming at you this strong
Never had a feeling that was this strong
Should have never taken us this long
To right this wrong

I'm not gonna lose you, no
Even if you say you're ready to go
Best believe, mama, I ain't leaving tonight
Til I change your mind

I'm not gonna lose you, no
Even if you think you're ready to go
Best believe, mama, I ain't leaving tonight

Til I change your mind

Yeah, darling

Change, change, change, change...

Yeah...
