

# Blunderbuss

Teddy Thompson

Put that thing away you're going to kill someone  
Put that thing away you're going to kill someone  
If anybody dies it's going to spoil our fun  
So put that thing away you're going to kill someone

What have you done for us, Blunderbuss?  
Why'd you have to spoil the fun for the rest of us?

Another night ruined it's only half past ten  
Another night ruined, it's only half past ten  
Looking like shit and you're no one's friend  
Another night ruined, it's only half past ten

What have you done for us, Blunderbuss?  
Why'd you have to spoil the fun for the rest of us?

Didn't mean to shout you know you're not that bad  
I didn't mean to shout you know you're not that bad  
Break a few lamps and you could lose a few pounds  
But I didn't mean to shout you know you're not that bad

But what have you done for us, Blunderbuss?  
Why'd you have to spoil the fun for the rest of us?  
What have you done for us, Blunderbuss?  
Yeah, what have you done for us, Blunderbuss?
