

Don't Know What I Was Thinking

Teddy Thompson

I'm in some way I'm taking the next train
Don't know what I was thinking
I'm bringing you flowers
I'm making it up to you
Don't know what I was thinking

I figured it out I need you
Don't know why I didn't know it then
I got it all wrong I miss you
Don't know what I was thinking

When it's going along when it's something to give
That's when I feel I have to wonder
Oh, but I was a fool I was listening to everything except
for what my heart was saying

I figured it out I need you
Don't know why I didn't know it then
I got it all wrong I miss you mmmmm
Don't know what I was thinking

I know what I have said "it's over"
But I know what I want now, it's you, it's you, it's you

I figured it out I need you
Don't know why I didn't know it then
I got it all wrong I miss you
Don't know what I was thinking oohh
Don't know what I was thinking
Don't know what I was thinking
