

Tell Me What You Want

Teddy Thompson

Baby tell me what you want
I'll do anything you want

I want a love that can be true
Someone who'll love me through and through

Baby I can give you that
No problem, I can give you that

Well yeah you said that once before
And then you walked right out my door

Baby tell me what you want
Baby tell me what you want

Baby tell me what you want
I've got everything you want

I want a love that can be true
Someone who'll love me through and through

Baby tell me what you want
Baby tell me what you want

Tell me what you want

I want a love that can be true

Tell me what you want

Someone who'll love me through and through

Tell me what you want
Tell me what you want
