

# Hear My Dear

Tedeschi Trucks Band

As we watch the world go by  
There's so much we search to find  
Holding on to memories gone away  
Knowing there's so much more to say

The world keeps on spinning and spinning  
That's the way it goes

Hear my dear it's your melody  
So sorry it took so long  
I was lost in the wilderness  
And that's where I heard our song

All the times I made you cry  
And the dreams we left behind  
Let's make the future ours to hold  
And I'll be there as we grow old

Believe in our song  
I believed all along the way  
The world keeps on turning and turning  
'Round and 'round we go

Hear my dear it's your melody  
So sorry it took so long  
I was lost in the wilderness  
And that's where I heard our song

Hear my dear it's your melody  
So sorry it took so long  
I was lost in the wilderness  
Oh and that's where I heard our song

Hear my dear it's your melody  
I'm so sorry it took so long  
I was lost in the wilderness  
Oh and that's where I heard our song

Hear my dear it's your melody  
So sorry it took so long  
I was lost in the wilderness  
And that's where I heard our song

Hear my dear it's your melody  
So sorry it took so long  
I was lost in the wilderness  
And that's where I heard our song
