

Let Me Get By

Tedeschi Trucks Band

I told you that times are a-changin'
I've got a body to move
If you're just willing to stand there
With nothing to say or to prove

Even a king gives sometimes
Even if he don't care

Forget what we said last December
Cuz It's been a hell of a year
We'll leave all the words with the summer
Remember what brought us up here

Somewhere the sky is crying
I'm where the air is clear

[Chorus:]

Let me get by
(If you're just gonna stand there)
Let me get by
(Get out of my way)
Let me get by
Cuz time won't wait

The message that came in a bottle
Said you sure got a problem with me
So we made you a bed out of roses
But you were the Prince of the Pea

Even a king gives sometimes
Even if he don't care

[Chorus:]

Let me get by
(If you're just gonna stand there)
Let me get by
(Get out of my way)
Let me get by
Cuz time won't wait
