

Rainy Day

Tedeschi Trucks Band

That feeling that you got is weighing on your heart
The fear isn't here to stay
Go on and cry, it's leaving you
I don't mind holding on

Baby we've been waiting on this rainy day
Wouldn't wanna have it any other way
Doesn't really matter 'cause I'm here to stay
And we're washing it away on the watercourse way

If darkness is a rock, maybe we are water
Day after day, we're washing it away
Let it go and float downstream
Ain't no use holding on

Baby we've been waiting on this rainy day
Wouldn't wanna have it any other way
Doesn't really matter 'cause I'm here to stay
And we're washing it away on the watercourse way

And when we're riding high
Looking down at the ground
All our troubles seem so small
When the wind starts rising
We'll just ease on down
Don't need to be afraid to fall

Baby we've been waiting on this rainy day
Wouldn't wanna have it any other way
Doesn't really matter 'cause I'm here to stay
And we're washing it away on the watercourse way
