

## So Long Savior

Tedeschi Trucks Band

So long savior  
I'll be right behind  
Reaching for his garment  
Left us here to cry  
Should have seen it coming  
Fire in the sky  
Water's all around us  
No room on the ark this time

Sail on savior  
Where have you gone?  
All the way to glory  
Heard it in a song  
We all know the reason  
We've been left behind  
Head on home to heaven  
Hope I get to see you sometime

Cheer up children  
All my seeds are sown  
Climbing up the ladder  
Got problems of my own  
After change of season  
A chill is in the air  
When it's time to cross the river  
You better pay your fare  
If I don't see you there  
Try to get it right next time
