

## Activated

Tee Grizzley

Look at the bottom, I had to make it, I had to  
Came with a record deal, I had to touch it, I had to  
All the jealousy it got activated (outta no where)  
All the fake love it got activated

Got some people, they really my kin don't feel like we family though  
Then I got some people, they only my friends and feel like we family though  
Whenever it's time to stick to the plan  
I know how to handle it most (I got it)  
Vanish the foes and cancel the hoes  
Just so I could manage to go  
Deactivated and I'ma do me, I am not goin' on E  
You know I'm out in these streets but let me not eat  
I'm robbin' these niggas that's out here on fleek  
And thats on my OG  
One thing I learned from these suckers  
These niggas don't be your brothers  
These bitches don't even love you  
Better keep your circle small  
Cause that loyalty is a bad motherfucker  
That loyalty, that bitch a bad motherfucker  
I caught my sister stealing out my pockets  
It ain't your fault if I don't trust you  
I can still get five years for the pistol  
Ain't no way around it, I'm clutchin'  
If I'm ever threatened, if I'm disrespected  
Ain't no way around it, I'm bustin'  
I got some people, we got different blood  
They wanna see me in a Ghost (Rolls-Royce)  
And I got some people, we got the same blood  
They wanna see me as a ghost (Dead)  
That's why I'm doin' the most, playin' my role  
Better tuck your bitch, I'm at niggas hoes  
Thick spread, all blue faces  
I don't need dubs to make it look long  
Dreadhead but I'm a city nigga  
If I'm pussy, then Biggie living  
Won't fuck just an bitch  
Annihilate this bitch, blow at any nigga  
Date day with the belly spray  
And it's really gold, I ain't going' different  
Should invest into funeral homes  
Cause these bitches dyin' just to fuck with us (she did)  
Bro said the last bag was garbage (garbage)  
So I paid him back out of respect (here you go)  
Stand up, nigga, if I fuck with you  
Its 100 brah, I don't finesse (100)  
When I ain't fuck with niggas, it was all blood  
Laugh, cry with him, for cuz  
His loyalty ain't where I need it at  
So it's a shame I can't even call Dub  
I like to call baby, like what's the word?  
Chillin', I ain't on shit tonight  
She gonna come through, get me right  
And I'ma crash through it like she ran the light  
Well, I gotta go before I miss this flight (I'm gone)  
So I'm tryna get up (get up)

I'm like a kid before Christmas night  
Who ain't never had none in his life, like  
This really my life with zero exaggeration  
Some niggas just elevated  
Got me feelin' activated  
Lost a lot in them cells and cages  
But held on to my dedication  
The money got me fascinated  
Saw that shit and got activated

Saw the money and got activated  
Saw the money and got activated  
Saw the money and got activated  
Saw the money and got activated  
Saw the money and got activated

Canada Goose keep me warm in my cold city (Detroit)  
I got a pole with me, Glock cost 450  
Your bitch blowin' (she's drunk)  
Took my soul with her (suck it)  
They got they hand out (what?)  
I don't even know niggas  
For testing the game?  
I'm testing my aim  
If i die today, I got a M to my name  
In 2015, ain't have a stack to my name (broke)  
Cuz let me starve, sent him a pic in a new Mulsanne  
Tell him I saw the money and got activated

Saw the money and got activated  
Saw the money and got activated  
I saw the money and got activated  
Saw the money and got activated  
Saw the money and got activated  
I saw the money and got activated  
I saw the money and got activated
