# Built 4 It

**Tee Grizzley**

Everything that God put me through
Everything I got, I worked for it
I've been through so many ups and downs and I'm still goin'
(J.R.)

Everything that God put me through, I was built for it
Everything I got, I worked for it, woulda kill for it
I've been through so many ups and downs and I'm still goin'
Most my niggas signed gun laws and they still tote 'em
Everything that God put me through, I was built for it
Everything I got, I worked for it, woulda kill for it
I've been through so many ups and downs and I'm still goin'
Most my niggas signed gun laws and they still tote 'em (Talk to 'em)

Came from nothin' so I give back
I give what they should've gave me, how you don't feel that? (How you don't feel that? )
Ayy, the realest, yeah, I'm still that
The only thing real about these niggas is they real cap (Cap, dawg)
I only fuck with real rap (Facts)
Even if niggas don't like my shit, it's still facts
We was countin' and you dropped some bands, tryna steal that
So bro if you ain't know now you know that's why I fell back
I feel like you needed that but ain't know how to ask
But you see me spend that shit on less, you 'posed to be my mans (What happened?)
I done had to redo my roster so many times
People I ain't met got opinions 'bout me 'cause niggas lie (Some niggas lied on me)
And they never heard my side but they ain't gon' hear my side
I'm too busy doin' my job, nigga (I ain't got no time for it, nigga)
And I ain't got no opps, if I'm out and they got pressure, fuck 'em, I got one up top, nigga (Baow)

Everything that God put me through, I was built for it
Everything I got, I worked for it, woulda kill for it
I've been through so many ups and downs and I'm still goin'
Most my niggas signed gun laws and they still tote 'em
Everything that God put me through, I was built for it
Everything I got, I worked for it, woulda kill for it
I've been through so many ups and downs and I'm still goin'
Most my niggas signed gun laws and they still tote 'em

Can't fuck over nobody like me
'Cause you gon' always need somebody like me
And ain't nobody like me
My circle hit me up for help and I got 'em
Ask somebody else to hand you help, you winnin', they gon' talk about you
Money ain't gon' fix your problem, money ain't the problem
You can get that shit today and end up right back broke tomorrow (Facts)
Niggas really can be here today and gone tomorrow
If you love your people, tell 'em 'cause it hurt when you can't call 'em (I've seen it)
Life done been so hard on me
It was hard for me, been successful with no team effort, it was all on me
I still be so in love with breakin' bread, like this ain't all for me
Still love you even though you ain't accept the calls from me

I would complain but what the fuck is that gon' do?
Don't judge me 'cause you don't know the shit that I went through, nigga (Yo u don't know about that)
That's why I can't hang with everybody
I could pray for everybody, just can't pay for everybody, nigga

Everything that God put me through, I was built for it
Everything I got, I worked for it, woulda kill for it
I've been through so many ups and downs and I'm still goin'
Most my niggas signed gun laws and they still tote 'em
Everything that God put me through, I was built for it
Everything I got, I worked for it, woulda kill for it
I've been through so many ups and downs and I'm still goin'
Most my niggas signed gun laws and they still tote 'em
