

I Know

Tee Grizzley

(Tell me, is you with me? Are you against me?)
(But when I fall down, are you gon' catch me? Oh)

I know how to turn my pain into these melodies
I know how to turn a melody to hella Gs
I know, I done seen a friend turn a enemy
I know, once you cross that line, you ain't a friend to me
I know how to make it out the mud, oh, by any means
I know how to turn a dream into reality
I know (I know), I know (I know, ooh-oooh)

Don't know who's for me or who against me
But when I fall down, are you gon' catch me? Oh (Ooh)
Oh, no, no, no (Oh, woah)
Tell me, is you with me? Are you against me?
But when I fall down, are you gon' catch me? Oh (Gon' be there for me?)
No, no, no (Let me know)

I know how to hit the studio and rap my life on some street shit (I do)
I know how to take one brick, do a remix, now it's three bricks (I do)
Pray all my dogs live bulletproof after all the shit that we been through
Talkin' blocks hot and they spinnin' too, and hit loved ones just to get at
you (Damn)
Seen close friends at the back door, 'spite of gettin' everything that I ask
ed for
New stamps in my passport, running shoes, chasin' this cash flow
And this sermon all that I asked for
When I pray to God, I hit fast forward, so I know who ridin' and who not, th
ough
Break the lock on any locked door

Don't know who's for me or who against me
But when I fall down, are you gon' catch me? Oh (Ooh)
Oh, no, no, no (Oh, woah)
Tell me, is you with me? Are you against me?
But when I fall down, are you gon' catch me? Oh
No, no, no (Ooh)

I keep tellin' lil' bro to chill and just fall back until the pape' come
He ain't tryna hear shit, nigga tryna chase some', tryna face some'
Nigga play, get stood over, get his wig hit like a lace front
From the middle of the jungle, we seen it get wild, this money can't tame us
If you with me, nigga, I'm with you
You against me, shots fly at you
Blind eyes can see I'm the truth
In the trenches, in the coupe without the roof
Really, I can't even tell these niggas to chill, they doin' what they got to
do
How would you feel if niggas took one of yours and then seen you, and shot a
t you?
Been takin' Ls since I was a kid, I'm due for a win
Do some ho shit that you shouldn't have did, I can't fuck with you ever agai
n
I can't keep puttin' my trust in people, put my trust in this Gen
Put my trust in this bag, for that, them killers come tuck you to bed, nigga
