

# I Remember

Tee Grizzley

Aye, I look at 50 dollars like, it's still 50 dollars (Chopsquad)  
I don't give a fuck how much money I got  
I remember my struggle so vividly, that every dollar still count to me  
A lot of niggas be like 10 bands, oh that ain't shit, that's a 100 to me  
Look, I remember that struggle vividly man, call me petty or whatever man  
Chopsquad DJ on this banger!

I remember sleeping on the floor (yeah)  
I remember being broke (yeah)  
I know if all this money go  
I'm gon' look up like where everybody go?  
Yeah, I remember sleeping on the floor  
I lost everything but hope  
I know if all this money go  
I'm gon' look up like where everybody go?

Used to carry bottles to the store  
Thinking to myself like I can't do this shit no more  
I did 4 months in the hole  
Thinking to myself like I cannot wait to go home  
Stay strong, right or wrong  
I'm gon' grind it, they like keep it up  
We just wanna get money, they just wanna beef with us  
It's guaranteed you gon' die one day but I won't speed it up  
Police get behind the SRT, don't stop it, speed it up  
Got no problem cutting day ones off, these niggas be fu  
Everybody always talking bout' what they would do  
Nigga speak before they know the truth, these bitches too  
You can't be blood, I'm not going broke for you 'cause I was sleeping on the  
floor

Yeah, remember being broke (being broke)  
I know if all this money go (if all this money go)  
I'm gon' look up like where everybody go? (where everybody go?)  
I remember sleeping on the floor (sleeping on the floor)  
I lost everything but hope (I lost everything but hope)  
I know if all this money go (I know if all this money go)  
I'm gon' look up like where everybody go? (where they go?)

Uh, I remember, I remember a whole lot of bad winters, yeah  
I remember goin' juggin' before Christmas, yeah  
I remember when I got my first pistol, yeah  
I remember, sleepin' on the floor at [?]  
I remember puttin' that money in my Timbs  
I remember when they snatched up an L  
They they got styrofoam, then Stan came home, the whole gang on  
Ay that my dawg, that my dawg we shared the same bone  
The same couch, the same house, even the same phone  
The same .357 that got your man gone, that's on the zone  
I wonder why the real don't live long  
Sometimes I wonder who gon' be here if he gone  
Sometimes I ponder, I got so much on my dome  
I got so much in common, I can't even keep calm  
Stick with the drums, they don't want no problem  
Niggas know how we come and yeah, I'm from the bottom  
We was sleepin' on bunk, yeah end of road, that's a lot of humps  
Yeah, can't forget where we came from

Yeah, I remember sleeping on the floor  
I remember being broke (being broke)  
I know if all this money go (if all this money go)  
I'm gon' look up like where everybody go? (where everybody go?)  
I remember sleeping on the floor (sleeping on the floor)  
I lost everything but hope (I lost everything but hope)  
I know if all this money go (I know if all this money go)  
I'm gon' look up like where everybody go? (where they go?)

I remember when me and Rell were sharing clothes  
Like when you wear my shit, don't post  
I don't want nobody know  
Real shit had my heart and soul  
Probably don't know how much she used to love me  
We slept on the floor  
I remember back in middle school, we used to walk home  
You hate what I said on 'Win' but I can't lie in my songs  
Tell the truth in front of all my audience  
Keep it real until they call me out  
Where the fuck did all my niggas go when I needed them around  
I hope she don't have no baby on me, that might break me down  
They ain't visit me up state, no, so they gon' visit my grave now

But I remember sleeping on the floor (I was sleeping on the floor)  
I remember being broke (I remember being broke)  
I know if all this money go (if all this money go)  
I'm gon' look up like where everybody go? (where everybody go?)  
I remember sleeping on the floor  
I lost everything but hope (I lost everything but hope)  
I know if all this money go (if all this money go)  
I'm gon' look up like where everybody go (where did everybody go)  
I remember sleeping on the floor (sleeping on the floor)  
I remember being broke (I remember being broke)  
I remember being broke (being broke)  
Sleeping on the floor (on the floor)  
I remember being broke  
If all this money go  
Damn where everybody go?  
Damn where everybody go?
