

# Secrets

Tee Grizzley

Court cases, niggas stayed silent  
To this day I thank the Lord for it  
Askin' me about such and such  
I ain't say nothin', too much love for 'em

I done had some conversations that can't be repeated  
For the sake of some of my niggas' freedom  
We done did some shit, I know so many secrets  
Tell them other niggas they know that my whole block gon' keep 'em  
I know about some situations I can't ever say  
'Cause they can't give us life, so I can't ever break  
I just pray to God I make it through the day  
'Cause I done did some shit I'm takin' to the grave

It was a summer day  
Niggas creepin' on us in the black car  
'Round this time we was beefin' heavy  
So we kept a choppa in the back part  
We ended up gettin' the upper hand  
I just know that hundred shots cracked cards  
I'ma leave it there, I ain't say much  
But I hate I even went that far  
It was two of us when that popped off  
Took an oath, I'ma not talk  
So if the story get leaked out  
I know whose face I'ma knock off  
These niggas with me  
When it's beef, they'll come and kill everything movin'  
I'll never tell you what I think  
I'ma tell you what I know, I done seen them boys do it  
After it happened, it never happened  
Get rid of anything that can tie us to it  
Go clip for clip with my enemies  
Then go wait a trial with them prosecutors  
Niggas snitchin' on their homeboys  
I don't see how they do it  
I don't see how them niggas still livin'  
I know their mans in there goin' through it  
Like right, right, right, ayy

I done had some conversations that can't be repeated  
For the sake of some of my niggas' freedom  
We done did some shit, I know so many secrets  
Tell them other niggas they know that my whole block gon' keep 'em  
I know about some situations I can't ever say  
'Cause they can't give us life, so I can't ever break

Me and bro chillin', just talkin'  
Told me how he blew a nigga's head back  
Shit fucked me up  
Stop the conversation, nigga, dead that  
Whatever happened, it never happened  
Don't tell none of your mans that  
I ain't sayin' that your niggas rats  
But I don't want you to chance that

Me and [?] talkin', what was said  
It can't be repeated, nothin' about that  
Can't believe them boys kept it  
Hopin' people never find that  
Marvin trippin' since 2012  
Like lil' bro where your mind at?  
Lost unc' back in '011  
Granny's eyes still ain't even dried yet  
Rest in peace B, I know who did it  
Yeah I know you did it, nigga  
You prolly can't hear me 'cause you dead too  
But I don't know who killed you, nigga  
Had my mama down in them feds  
She said, "Son you a real nigga"  
It's your time, so I made it back home  
I know how it feel, nigga  
Like right, right, right, ayy

I done had some conversations that can't be repeated

I've been around

Hit 'em up, blaow, blood on the ground  
If you know about it, don't open your mouth  
'Fore they huntin' you down  
You know about it, don't open your mouth  
Or they huntin' you down, hit 'em up
