

Make Me

Teedra Moses

We ain't gotta make it complicated
Either you want it or you don't
Love me or you won't
But I won't wait, 'cause I don't wait

Say I'm on your mind
But then call me on the phone, tell me what you on
Pop up on a real one one time
If I'm really on your mind, show me now

Boy, make me
Boy, make me
The only one you give your love to
Boy, make me (baby, make me the one)
Boy, make me (me, me)
The only one you give your love to

This expensive type of kitty
You gon' have to cut them hoes off fucking with me
You gon' have to let them hoes know, really, I ain't being petty
I'm just saying if you want me, you gon' do what it take to get me now, see

Explosive frequencies
Levels of royalty
And I don't hold me back when I give all of me
But it's gotta be all of me

If you want
All my love
Boy, make me
Your only one

Boy, make me
Boy, make me
The only one you give your love to
You gotta make me
Boy, make me (baby, make me the one)
Boy, make me (me, me)
The only one you give your love to

If you want
All my love
Boy, make me
Your only one

This expensive type of kitty
You gon' have to cut them hoes off
Cut 'em all off
Cut 'em off
Baby, make me the one
Make me

It's only me and no one else
Don't waste your time
If you want, you want all my love
It's only me and no one else
Don't waste your time

'Cause there's so many gifts, I'll give
All you ever need (gotta make me)
If you want my love, boy you gotta show me
Make me your only, you gotta make me
Your only one
