Told that bitch to run it, everything is 100
We fuckin' but ain't no covering
Excuse my liquor, we coming for you

Real nigga, whole squad full of go-getters
Fuck you hoes back then didn't wanna fuck with us

Some more of it, I giver his D now she in love with it
Tell the DJ play your favorite record
Cause I do it better, you say nobody don't do it like me
Fuckin' with the one woman
You threw it with the right so I caught it with the left hand

Girl you gonna bend it over for me
I'm a take you home and take care of you all night
Kissing all on me, biting and scratching all on me
Girl was doing a lot of shit she ain't never did

And I could bang dat
Told her relax girl, just lay back
Say I could bang dat
Playing with he [?] and she couldn't control me
I could bang dat, I could bang dat, I could bang dat
She let her nigga make her body money
And I could bang dat

Smikoin' OG, but she knew better, boy she do better
In my own section standing on the table
You gon' see my team go HAM
Annie let em keep looking
As long as they ain't touching we ain't getting cracking
Fucking with a real one, that's for sure

Girl you gonna bend it over for me
I'm a take you home and take care of you all night
Kissing all on me, biting and scratching all on me
Girl was doing a lot of shit she ain't never did

And I could bang dat
Told her relax girl, just lay back
Say I could bang dat
Playing with he [?] and she couldn't control me
I could bang dat, I could bang dat, I could bang dat
She let her nigga make her body money
And I could bang dat
