

Face Down Ass Up

TEEFLII

You do something to me
She gonna lead the way
She classy but she ratchet, got my hands up in her panties
Now she understand me
Cause she can get it anywhere, anytime, any place
It don't matter, gotta keep a camera
Bet she like takin' pictures
Takin' selfies by herself, she don't need nobody else
Put her on the Molly, she get high as hell
Annie I can handle that, throw it at me, I can catch it
I put it on you, put it down, bend it over, turn around

Face down with that ass up
Yeah, you like it when I get rough
Baby, no pretending
It's your style, the way you walk
It's your body, it do something, no pretending

If you really wanna please me, Annie
Let me hear you say please, Annie
Get up here on Saturday
I didn't wanna do it, but you made a nigga buy the poll for ya
You ain't gotta practice, I can tell you a pro
Biten' on your lips, I can tell you want it
We movin' to find each other
I be on you, you be on me
You gotta tie your hair up, cause I'm bout to fuck it up

Face down with that ass up
Yeah, you like it when I get rough
Baby, no pretending
It's your style, the way you walk
It's your body, it do something, no pretending
