

## ITS ONLY RIGHT

TEEFLII

Poppin' that shit for you  
You know I act a fool, oh  
Yeah yeah, oh Baby  
Every moments at late nights we've been so faded  
I can't even say, shit  
Got you down for whatever

I know you want it when you walkin'  
Kissin' and touchin', I came, yeah  
Talkin' dirty, boy, don't hurt me, no  
Nigga, just come here  
Baby, lay me down  
Hope we got enough for us  
Baby, won't you lay down?

We're finally here, Annie  
You ain't came to play  
We got nothing but time  
Annie, take your time  
Roll up a blunt, light it up  
Shining like a chandelier  
Bring that body right here  
We ain't tryna make up  
But look back, Annie, twerk it  
We barely made it to the bed  
'Cause all the things your body wanna do  
Girl, you like it when I play with you  
You already know I know what to do  
Just keep giving it to you slowly  
'Cause girl, I'm gon' get you higher  
You doin' the most touchin' your toes  
Bendin' over, woah  
Annie got a vision (Woo)  
Her head need to fit in  
Annie, baby, yeah-yeah-yeah-yeah

I know you want it when you walkin'  
Kissin' and touchin', I came, yeah  
Talkin' dirty, boy, don't hurt me, no  
Nigga, just come here  
Baby, lay me down, down (Baby, lay me down)  
Hope we got enough for us (You tellin' me to lay you down, lay  
you down)  
Baby, won't you lay down? (Yeah-yeah, lay you down)
