

# Make Yo Money

TEEFLII

The whip stupid, the shit wavy  
My bitch bad, her ass crazy  
She like girls too, hit it in my jacuzzi  
She work at Jamba Juice, pay her to make a smoothie  
I'm 'bout to blend her up with Teeflii, pull off in a G-5  
Yeah you know we be high, I cannot be denied  
I gave her that D, now she tryna make a scene now  
If she wanna fuck with me, treat me like a king now

You doing tricks with your body right here  
Everybody watching you right here  
Your body doing the most  
Damn right let me see your ass  
Make yo money, make yo money, get yo money  
It don't matter, it don't matter if you twerk, for it  
Make yo money, make yo money, get yo money  
Leave that 9 til 5 home on the shelf for me  
Ain't no stoppin', ain't no stoppin' til you get it  
Make yo money, make yo money, get yo money

Sturn up, Annie sturn up  
You want me to reveal your cup  
Bottles in the air, we acting crazy  
You winding it slow, your body moving slow  
You like your face down with your ass up  
Legs up to the ceiling  
You like your face down with your ass up  
Legs up to the ceiling

You doing tricks with your body right here  
Everybody watching you right here  
Your body doing the most  
Damn right let me see your ass  
Make yo money, make yo money, get yo money  
It don't matter, it don't matter if you twerk, for it  
Make yo money, make yo money, get yo money  
Leave that 9 til 5 home on the shelf for me  
Ain't no stoppin', ain't no stoppin' til you get it  
Make yo money, make yo money, get yo money

Ass stupid, face foolish  
On that Wu-Tang Clan 'cause cash rule it  
In the Valley [?]  
She pull up like she moving them fuckin' units  
Gad dammit, she boomin'  
Two fifteens banging her music  
I can see it, I salute it  
We both been ballers like my jeweller

You doing tricks with your body right here  
Everybody watching you right here  
Your body doing the most  
Damn right let me see your ass  
Make yo money, make yo money, get yo money  
It don't matter, it don't matter if you twerk, for it  
Make yo money, make yo money, get yo money  
Leave that 9 til 5 home on the shelf for me
