TEEFLII

Keep on doing it in slow motion
You doin' it with no help, doin' it by yourself
Girl, I see you, ayy yeah
You ain't showin' your real feelings 'cause you ain't 'bout me, me
You can't help but think about our sex, girl, Annie
Tell me what happens when you missin' me the most, oh girl
Will you be touchin' all over yourself? You can have it
Tell me how you be feelin', baby
Do I ever cross your mind?

Annie want it all day
Give that pussy to me with a smiley face
Annie baby, you like switch, get on top top
You ridin' on me, ridin' on me, your peel rockin'
Late nights, early mornings, you be moanin'
Fuckin' on your couch, all night
Running back about five more times

See you hooked on this hood shit
You lovin' this stuff shit
You like it rough, yeah
Hands on the wall, keep 'em right there
Legs in the air, say my name

Keep on doing it in slow motion
You doin' it with no help, doin' it by yourself
Girl, I see you, ayy yeah
You ain't showin' your real feelings 'cause you ain't 'bout me, me
You can't help but think about our sex, girl, Annie
Tell me what happens when you missin' me the most, oh girl
Will you be touchin' all over yourself? Or you can have it
Tell me how you be feelin', baby
Do I ever cross your mind?

Up and down this hydraulics
Damn baby, your body got switched
You just wanna be famous
[?] you do many money things, yeah, oh-yeah-yeah-yeah
Maybe I'm feelin' the same way that you feelin'
I put all of your secrets in the safest place
Annie so excited, wanna try it, she gon' ride it

See you hooked on this hood shit
You lovin' this stuff shit
You like it rough, yeah
Hands on the wall, keep 'em right there
Legs in the air, say my name

Keep on doing it in slow motion
You doin' it with no help, doin' it by yourself
Girl, I see you (Girl, I see you), ayy yeah (Ayy yeah)
You ain't showin' your real feelings 'cause you ain't 'bout me, me
You can't help but think about our sex, girl, Annie
Tell me what happens when you missin' me the most, oh girl
Will you be touchin' all over yourself? Or you can have it
Tell me how you be feelin', baby
Do I ever cross your mind?

Touchin' all over yourself
Or you can have it
