TEEFLII

Body to body
Touching and feeling
You in this party getting naughty
And you about to take it all off

Annie you rotating, rotating, rotating
Annie keep rotating, rotating, rotating
Annie you rotating, rotating, rotating
Annie keep rotating, rotating, rotating

You move your body like you're fornicating
And you know how to work in them stilletoes
Annie, I got you working like a nine-to-five
Cause I got the kind of sex you like
Just move your body over this way
Move your body over this way

You move your body like you're fornicating
And you got me on a different level
You bomb from head to toe
You ain't no rookie you a pro
Girl, just move your body

Move your body over this way

Bumping and grinding, touching all on yourself
You do it good, do it good, yeah
