And she got ass by the pound, she should be on a mound  
I said throw that

She been A-1 since I met her  
She gon' stir me up if i let her  
I told her, if she want it she can get it right here  
And I whispered in my ear while I'm up in it  
Hands all on her belly, her eyes are [?] to the back of her hair  
She said she down for whatever, however, whenever

I'm gon' put it down, give her what she need  
So she make it bounce right in front of me  
And it hold me down when she in the streets

Her sex, her sex  
Her sex is fire, fire, fire, fire  
Her sex, her sex, her sex is fire

Yeah this is something she'll do, something she'll do  
She climbing on top of me, yeah she get the best of me  
Cause that's something she'll do, something she'll do  
She get money and she independent, hell yeah, hell yeah

Drinking, drinking, you gon' catch a [?]  
Weak niggas always actin' thirsty  
She don't wanna do it with nobody else

I'm gon' put it down, give her what she need  
So she make it bounce right in front of me  
And it hold me down when she in the streets

Yeah this is something she'll do, something she'll do  
She climbing on top of me, yeah she get the best of me  
Cause that's something she'll do, something she'll do  
She get money and she independent, hell yeah, hell yeah

But I might split a swisher and roll that  
I might even pass to the homie like you gotta get it  
Tell her drive it, get it, gotta watch  
When she get to popping with it I just hop up in there  
Switch position, man, I gotta get on top  
She got that run it, that come back  
That wet with the water fountain, man, I want that  
She got that flight; it's so tight and so right
