

# Airport

TeejayX6

I just came back from Miami  
All you see is freak bitches running around without no panties  
I remember that one time I caught my opps at granddaddys  
Beat my uncle ass cause I caught that nigga pan-handling  
If you want a feature or booking you can call my management  
About to get some [?] and open up a few establishments  
I just cut into this nigga like aye what bag you in  
Play on a 4 for 30k told my nigga "tag me in"  
At the airport on my computer I'm a expert  
3 hour trip to Miami now my neck hurt  
I just told yo bitch to give me head till her neck hurt  
I done made about 300, 000 off social network  
3 years ago I was juggin off the let go  
Hit me up if you need your car insurance through gecko  
A bitch was lookin at my shoes she was like what's those  
I already got a bitch I ain't fuckin with you Detroit hoes  
One time I fucked a nigga bitch then she posted relationship goals  
She posted that nigga it wasn't me though  
Chillin' in the hood countin' 20 eatin' cheatos  
But I can't stay here for long cause the police be on bullshit  
Got 1 strap on me 2 in the backpack  
The feds couldn't catch me cause I was riding in the hell-cat  
I make more money off scammin' then the niggas who be sellin' crack  
Went to court on Sunday tried to kidnap the co-defendant  
He tried to steal the way that I be rappin' but got no attention  
One time I tried to bring a gun to school and got 20 detentions  
One time I lost my money to the feds went to deep depression  
Was mad they ain't let me vote was bout to shoot up the elections  
Walk into the spot we got exotic weed in all selections  
Stop asking me why the FUCK do I rap with aggression  
Yo bitch was twerkin' on me in the club and I got an erection  
She said she wanna come over my house so I sent location  
That's when I noticed I got my self in a fucked up situation  
Told the jugg imma kill her if she don't send the payment  
I been drinkin' too much lean I gotta get a trainer  
I got a QP of exotic in a glass container  
Plug tried to only send a boa but I need a container  
Kidnap a nigga then go hide his body in a container  
Yo bitch be dick suckin' boy you need to buy a leash and train her  
Every time I'm OT they treat me like a nigga famous  
Break into yo home while you alone call you Kevin Cambridge  
Drive a nigga far out to a river then throw him off a bridge  
Then send a goodbye letter to his momma wife and his kids  
Everybody ridin' waves and wanna follow trends  
See a nigga at the club then follow em in  
Now yo bitch dick suckin' she ain't follow me then  
Gotta stay strapped at all times in the murder [?]  
I just scammed a sweet white kid for her college tuition  
If you wanna learn how to get some money then just sit back and listen  
I just punched 5 different hoes lashes and inches  
I just got done arguin' with yo bitch cause I pulled out her inches
