TeejayX6

I just caught this nigga ridin' in a old impala
It cost to get imported and you ain't even got a dollar
Damn I scammed a muslim and he caught me saying Allah!
Stole a credit card and it belong to my mama
Wrap your white shirt around my head for like Osama
Told the judge to send a bin and Imma add 2 commas
Got a party store wig now I look like John Stockton
I heard that nigga said he want some beef, let's get it poppin'!
The pause of the fake check inside the bank that bitch poppin'
I just gave this nigga 13 on my rocket
He ain't even got no money I seen lint in his pockets
He tryna make it look fat, got fake bills in his wallet
I invested in the bins and made a 30 band profit
Go about my Cashapp method, it's a long ass procces
Got my back turned around like Cinderella princess
30K followers this bitch think she a princess
You can't even buy the bank method that shit priceless
Record labels call and had to go up on my prices
Love me a ratchet ass bitch from the projects
They say I work too hard this year I dropped five projects
Slice a nigga head up with a metal object
Pull up and the nigga dead so I completed the objective
Blue uniform man I think I smell a detective
Made a U-turn cause I seen the fans on the app
And they right at my crib I'm about to go and sell some crack
Lined ass nigga needed gas
Devastated the the Feds just took my last pack
And they locked a nigga up when they took my first strap
Lesbian ass bitch why you playin' with a strap?
They see my gun on the seat and try to rob you with my strap
Hoe was so easy fucked her off eye contact
They made even your real eyes take off them contacts
A label just called my phone like "can you sign this contract?"
They thought I got shot but it was all just a conspiracy
Listen to my every bar I don't think y'all niggas hearing me
Scammed a nigga and crossed the world and he said he's gonna kill me
Took a flight to Philly just to get a Philly Steak Cheese
I'm tryna sign a deal soon as I turn 18
Killed him a day before his birthday he couldn't even turn 18
Pulled up in a SRT and they thought it was a earthquake
Imma drop a mixtape for y'all on my birthday
Brought my Glock with me out to dinner it's a double date
Came from eating noodles now it's only filet mignon steaks
Addicted to the lean I just poured a four in a milkshake
Was broke last year don't I had to make some shit shake
Kick a nigga in his face and watch his shit break
'Bout to be a millionaire I cannot wait
I need my money right now I cannot wait
I upped fifty on the gram they thought that shit was fake
