TeejayX6

I love you Trapboy, Trapboy3k

The draco heavy, but I can hold it like a handgun  
Catch two plays then another one, that's an and-one  
This bitch loud, they probably thought it was a band playing  
I heard you got some fake shit, mine hand made  
My plug just threw me some bo's like a hand grenade  
I swear your bitch pussy the bomb like a frag grenade  
Smoked too much, I'm too high, got me suffering  
She want me to wait for the pussy like the old YouTube when it was buffering  
Was in the streets, couldn't even eat my supper  
You ain't got this Gucci, I got this straight from Dapper Dan  
I'll slap a nigga with my left hand, right hand  
That's an old money picture, that's not from right now man  
I don't ever cap, let me take off this beanie  
That's not a girl, that's my draco that's singing  
Slapped a bald head nigga 'cause in the sun his head was beaming  
I gotta slow down on the drugs or I will not be breathing  
Got an attitude 'cause I woke up on the wrong side  
Let me say that picture, damn I think we killed the wrong guy  
I can really tell that you sweet like an apple pie  
Man it's 2019, you still got on Apple Bottoms  
Oh you want smoke bro, what's up with all that animosity?  
Did I scam my family member? Shit possibly  
They tryna knock my hustle but it's a scam economy  
They don't really understand, I gotta speak verbally  
Found out the niggas who slide, we bout to go purge on them  
I really love all my brothers, I will not turn on them  
I just fucked this little bitch, she want her virginity back  
Caught him at the store and shot one of my enemies in the back  
He laying on the floor in a big puddle of blood  
He had on all red and got mistaken for a blood  
A nigga had on all blue, got mistaken for a crip  
I'm trying to have a rich family like TI, Tiny, & TIP  
Caught a nigga at the mall and he freaked out  
I'm already off beat so take the beat out  
Now turn the beat on  
My opp broke as hell goin' cold turkey, put the heat on him  
Niggas trying to come and save a bitch like a hero  
Might go to jail, I broke into the credit bureau  
We looked in your bank account and it said zero  
I ain't got no breakfast but I got some milk and cereal  
One time I went broke and a nigga was furious  
Sending money on [?] cause my niggas still inmates  
I just sent some boas from Detroit but they from the Bay  
A nigga tried to chase me in his car now his tire's flat
