

## Back In Action

TeejayX6

I'm in the fast car doing the dash, put on your seatbelt  
You know I gotta look for my people if they need help  
I was young as hell thinking like damn how can I get wealthy  
Drinking too much lean, I do not plan on getting healthy  
I just shot a fat ass nigga and told him get healthy  
I'm chilling smoking weed right now, can you get from 'round me?  
And this shit too damn loud, I cannot hear you  
AR-15 in my bag, pull it out and kill you  
Walk in Apple with a big smile on my face  
The AR keep beating, you can hear the bass  
He in an old ass car, I can hear the brakes  
Commit a crime now I gotta go chill and pray  
Caught a opp having fun up at Cedar Point  
So I'ma cock my gun back, aim it at him and point  
Yo bond only 500, why you still in there  
Just caught a bum ass nigga at the beauty supply stealing hair  
I just made a jugg page they think I'm selling hair  
He tryna shop for regular clothes, they don't sell them here  
You ain't had no pussy in the longest, why you celibate?  
I know every girl got a pussy but why you selling it?  
I just got some fire weed but I ain't selling it  
You wanna look sweet tryna smoke but not inhaling it  
Popped a nigga while he was sleeping, I flipped his ass vertical  
They gotta send that pussy boy to the emergency  
Brand new off white jacket and it came with tape  
One day I tried to go hooping, I did not make it  
I just shot a nigga twenty times and he did not make it  
I got another nigga money on me, I did not make this  
I just sold a nigga fake lean, doctors did not make that  
To be honest it don't really matter 'cause he still bought it  
I just tried to fight my case but I still caught it  
Somehow I be juggin' sun up from sun down  
Police want me to put my gun down  
But I still got opps from Miami to 6 Mile  
Draco like a baby when I hold it, that bitch six pounds  
I know you surprised at me nigga, you is not proud  
If you check my ID picture, I did not smile  
The way we looking at this nigga, he a big clown  
She keep lying to my face, she must think I'm a clown or something  
Can't go and buy shit, what you doubting or something  
My eyes red as hell, they think I'm dying or something  
Only had an A in math, they thought I was dumb and flunking  
Beat my little sister ass 'cause I caught her young and fucking  
I just watched a nigga bleed and they call me disgusting  
My AR got hits, I like to call this bitch Justin  
I got deodorant on, that's my weed that's stinking  
Somebody's stealing my money, let me check my bank statements  
The site went down but today we back in action
