

## Body Bag

TeejayX6

Ooh, RJ

RJ always trippin' man, RJ always trippin' man

Smokin' on runts, rollin' up the bodybag

Roll that pussy nigga up, put him in a bodybag

New computer in the bag, MSR in the bag

Where I'm at? In my bag

Where yo' bitch? In my car

Suck my dick, in a bar

Where my stick? Hand it here

Seen a goat, in the mirror

Throwin' money, on a stripper

Throwin' up the middle finger

Fuck her with my middle finger

This AR, it's a one-hitter-quitter, I'ma pull this bitch back a  
nd I'ma aim it at yo' liver

Red dot in the middle of your head, I'ma hit ya

Where the barber shop? 'Cause my head need some clippers

And I need some scissors, and a new printer

Methods still workin', I might have to reconsider

Took his last money, then took him out his misery

You the middleman, can I see the owner, please?

Might sound impossible, use the piece to pay my lawyer fees

That was me singin', that remind me of my AR when that bitch si  
ngin'

I just used a old BIN and went through in Cleveland

Then I used another one, out of country, New Zealand

Usin' my special treatment, usin' her for the pussy

She a trick, it don't affect her

Give that boy a diamond tester

It make me feel better, knowin' that I'm a scammer

Perc' make me feel better, pop one, then go get active

Punchin' up inside a mansion, shot a nigga in the mansion

Smokin' weed inside a mansion, pourin' up inside a mansion

Put his name inside a caption

How he died? Don't know what happened

Where ya hat? Boy you cappin'

Pourin' up, out a gallon

You declined, got us laughin'

He can't breathe, got him gaspin'

Walkin' up to bank with envelopes, got them niggas askin'

How I do this and that? Get yourself a fake check

Get yourself the software, and that's how you gon' do that
