CashApp

TeejayX6

Walk in Verizon and apply for iPhone X's
I got 'bout twenty jacks on me, stacked like Tetris
Go in the store, punch the fees, I got two methods
Ten phones in each car, we had two Lexus
Gotta catch a flight 'cause they fuckin' with me down in Texas
You flashin' money in January, you must got yo taxes
I get a iPhone every morning, this shit like practice
I just loaded up my Bitcoin, it's time to get active

Just got the call a nigga slippin', I told him get active
Spent 5k on one punch that got a big package
I'm sick and tired of niggas sayin' they swipe, boy you big cappin'
I used to get the bows for the low, but I quit trappin'
Stomp yo face in these big bottom Chain Reactions
They banned my CashApp 'cause I sent a thousand transactions
I heard yo bitch got good head, I wanna see her in action
Forgot my login to my Youtube, almost quit rappin'
I just bought another phone and made a CashApp
The ATM limit was 250 I gotta cashback
You know I'm taxin' for this sauce, so don't ask that
Way before I even made a Instagram I been had racks
Just got 10, 000 in credit, I'm doin' half off
Claim you the man, but you can barely get the bag off
Got the head from yo bitch, then I stabbed off
The doctor said the lean killin' my kidneys, I gotta drink Voss
You paid a 100 for yo jacket, I think it's Pink Dolphin
I barely lit the wood up and she keep coughin'
I jugged a nigga for a band and he keep callin'
They tryna knock me off my dribble, I'mma keep ballin'
Know I fell off a couple times, but I'mma keep hustlin'
The money keep comin'
Phone line keep buzzin'
When I seen my first body fall, I had a weak stomach
My plug just sent a pint of red, I told him keep comin'

The clerk already know what I be on when I walk in the store
I'm only here to slide a few items, then I'm out the door
Just got a Xbox and a TV off a CareCredit
I'm at the self checkout machine with a card, I'm 'bout to use debit
I'm sick, you swapped yo twenties out for ones just so you can spread it
Once I send these shots at you, you gon' need a medic
They see me with some gift cards and ask me where I'm headed
I'm really givin' out free game, you just ain't get the message
