

Back in school, I ain't pay attention in the classroom
Steal the hall pass and jump a nigga in the bathroom
Every Halloween I hid my strap in my costume
If you disrespect a nigga it's gon' cost you
If you step on my shoes in middle school, I probably fought you
If you don't got no home trainer, than what your momma and dadd
y taught you?
Beat a nigga ass well he getting out, boy I caught you
Niggas see me out in public like "I can't believe I saw you"
Took a trip, OT so I can meet up with the plug
Well you and all your niggas finna meet up at the club
Heard how niggas so fucking broke, I don't see how she in love
Too many niggas hating on me, why can't I get no fuckin' love?
Early in the morning, about to meet up at the sped
You niggas whole bitches, all ya missing is a wig
30 pints of Hi TEC just sitting in my fridge
I don't think niggas really swipe, I'm 'bout to put you to the
quiz
In love with my girl, I think I wanna have some kids
Nosy ass nigga, why you all in my biz?
Hungry ass nigga, why you all in my fridge? (You starvin'!)
I think the song over, let me do my adlibs
Shoot you 50 times is no way that you gon' live
Throwing money at strippers well I'm at club live
I'm to throw this shit, I think I heard the fuckin' pigs
A grown bitch tried to rape me, I ain't tryna have your fuckin'
kids
Flex a nigga stomach, I'm trying to break his fuckin' ribs
If you rob a nigga, you not supposed to let him live
Cause he'll come back and shoot up where you live
They like damn nigga TJ where you been?
I remember this one time when I fucked two twins
I went onto ICQ to get a few bins
Get a VPN and a new Benz
In my city they will kill you for some Cardier Lens
