

Computer Junkie

TeejayX6

So many iPhones like I'm the owner of a company
Using the same method, hope they don't catch onto me suddenly
Seem like every time I go and try to swipe, get put in custody
That's why I ain't takin' my black ass back to Kentucky
Spending money on these upgrades, I'm a smart computer junkie
The reason I didn't wanna fuck that bitch; she was musty
But I fucked her friend back of the classroom in social studies
Gotta wake up early for these bank plays cause it's Monday
I ain't tryna get noticed so we slidin' in the Chevrolet
I just hit a jug for 6000, time to celebrate
Somehow I got a weed plug from one of my random jail inmates
They was hatin' on me, ended up passing all my classmates
Wanted to fuck so bad, this bitch raped me in the classroom
He ain't have to work, this boy grew up with a silver spoon
Bumped my own credit up and got some phones [?]
Bout to slap this nigga on the plane, boy I need elbow room
I just took my bitch out on a date, then on a honeymoon
Just slapped the fuck out of a sweet ass nigga, he's a honeybun
Then I fucked a MILF and lied to her like I'm 21
She ain't want shit but some food, it costed 21 dollars
I was always good at math, I was never good at physics
Think that boy got a disease, he ain't been to the clinic
Just jumped my lil brother, I think he been skippin' school
I ain't got no time for bitches, money put me in the mood
This fraud shit changed my life, I'm gettin' a credit card tatt
oo
This lil bitch blowin' me up man, I think she a groupie
How you tryna flex, lil nigga? You in a hoopti
I just spent a nigga's life savings in Gucci
Just walked in the bank in black forces and a hoodie
I just got 90 iPhones outta Missouri
Pop 'em in the leg, now he bleeding out severely
I talk this fraud shit for my niggas who feel it spiritually
