Cali palm trees, smoking good weed  
I'm gettin' too much bread, all my pockets obese  
I own everything I got, I heard you fuckin' with them leases  
They see me in expensive shit, be like: "He fuckin' with them pieces"  
Niggas gon have to get they own shit 'cause I don't hang with no leachers  
I put on drip everyday and we ain't even close to Easter  
They say the good die young, but I don't even wanna jinx it  
I'm ballin' on these niggas, they ain't even Playing Defense  
The opps called off the beef 'cause this shit getting intense  
Fuck it, I'ma just turn myself in 'cause they got my fingerprints  
The opps must be shootin' rubber bullets 'cause they ain't ever hittin' shit  
I'm on my way to get some money, we 'bout to take a business trip  
They said you got exotic, I checked it out, now I'm not even interested  
Your whole catalog ass, you don't got a song on my playlist  
I ain't wanna work a job, so I got in the streets and took it  
I worked hard for this chain and I be damned if you took this  
I been rappin' two years straight and haven't missed yet  
Them niggas popped dude, okay, bet, we 'bout to get back  
My bitch wanna fuck, I told her wait until I get back  
I bought the real Runtz bags and swapped the weed out with OG packs  
If you think you hate me now, just wait until I get a platinum plaque  
You let the label signed you out a deal, you ain't even read your contract  
Bought a new phone on New Year's and erased all my contacts  
They see me in some drip, it's like: "Damn where you find that?"  
I knocked a nigga out, they like: "You must've went to karate class"  
I was aiming for his head but the bullet hit his Corona mask  
What happened to the old days? Man, I'm tired of these Corona masks  
The way these niggas hate me just like that situation with Carole Baskin  
When I'm withdrawing out the bank, they be like: "Sir, please bring a basket  
I never seen no one with this much money in your age bracket  
Hold on, Mr. Witherspoon, I see here you haven't payed taxes"

Uh, what's the next subject?  
I was always good in Math but failed every other subject  
I ain't eating shit from McDonald's, they meat processed  
All these hoes be in my DM, think they obsessed  
But when they see me post my girlfriend, they be upset  
When you got a bitch that's loyal, nigga, that's a real flex  
Can you move your family out the hood? Nigga, that's the real test  
Call the janitor, we just walked in the club and made a mess  
Take a nigga from his family, now I got everybody stressed
