(Woah, Kenny)

Niggas keep playin' games, they must think we at a playground
I'm finna catch this lil' nigga slippin' on 8 Mile
30 round clip, so you know it hold a lot of bullets
And I just got a BOA from a college student
And I can barely feel her booty because it's silicone
Put some Play-Doh in a box and told him it's an iPhone
My call disconnected 'cause he called me through a Blackberry
My plug just called and said he got some black cherry gelato

Can tell you a pussy ass nigga, I can see through you
Put a hole in the middle of his head, I can see through it
You can pull up and get some bins, like a drive thru
I just slapped the fuck out of the cashier at the drive thru
Got rid of this bitch 'cause she keep causing drama
Beat my brother ass and that nigga told my momma
I just popped a nigga and I'm scared to tell my momma
Dirty ass nigga, I think he scared to take a shower
I'm 'bout to go and bust a bank play in Fort Lauderdale
Gotta pull up and block the TD at the Shell
I ain't tryna hear what you're sayin', you an oldhead
I just got a glass pint of red from an oldhead
I really heard that you was broke as hell, that's what the ho's said
I can tell that them clothes ain't yours 'cause they really big
A nigga tried to run off one time, now he bow legged
And I fucked this skinny ass bitch that was pigeon toed
Slapped my lil' cousin in the neck 'cause he egg headed
Just beat a nigga ass with a brick like Craig did
He was talkin' crazy on Instagram, but he dead now
Yeah, these Jordan's on my feel, but they dead stopped, 500
You done owed me for the longest, nigga, where is my money?
Got drugged with a bitch and she stole all of my money
Got into it with my cousin and he stole all my clothes
Got into with your bitch and dropped her off on [?]
I'm sippin' on red pop, they can't tell it's lean in here
If I bring my AR, somebody gonna die in here
Bum ass nigga at Family Dollar tryna steal clothes
And I heard he at the bus stop robbin' people for their phones
Niggas ain't play games with me since Toys-R-Us closed
I can't even pick up this money grand, Walmart just closed
So now I gotta wait 'til the morning 'til this bitch open
Pimp slapped my bitch in her mouth and busted her lip open

Niggas keep playin' games, they must think we at a playground
I'm finna catch this lil' nigga slippin' on 8 Mile
30 round clip, so you know it hold a lot of bullets
And I just got a BOA from a college student
